## Newsletter

## EDUCATION

The Education channel provides content on Green Wave sports, school events, and Abington CAM intern programs. Town Moderator Shawn Reilly hosts "The Buzz", interviewing student athletes about their team roles. Abington High School student, James Madden, and Coach Bud Madden co-host "The Madden Report"; an in-depth analysis of sports; local, state, and pro. Stay tuned for fall sports: football, soccer, volleyball, and hockey. Our Hudl system allows us to livestream games that take place in the gymnasium, and our producers and interns go above and beyond to capture all of the fall sports, with commentary for games provided by Shawn Reilly, Kevin Whalen, Matt Nelson, James Madden, Jim Dorman and Rick Collins.

## PUBLIC

Our public channel brings you original content, entertainment, and public events in the town of Abington. We recently filmed the series of annual summer concerts held at the Catherine and Joseph Nisby Bandstand, with some incredible cover bands, choirs, and children's entertainers. Thanks to Nancy Reid and Jan Prall for getting us front row seats to film the concerts, and to David Bragg, who provided drone footage. We produced a variety show called "Root Beer Circus", created by the dynamic duo, Steve Lanza Jr. And Sami Anderson (winners of Abington's Got Talent). The variety show boasts the talents of Cait the Clown, Chef KB Bouge, singing puppets, and more insanity you need to see to believe.

## GOVERNMENT

Our government channel keeps you up to date on Town Hall meetings, and local government interviews and conversations. We've filmed the local election process, including interviews with candidates, coverage of candidate Q&A's and debate events. Stay up to date on Board of Selectmen, Finance Committee, Planning Board, Zoning Board of Appeals, and more leading up to the next town meeting!

We've launched a new podcast network, accurately named "The Abington CAM Podcast Network". We have a lot of fun new shows planned, with several programs currently available. We're currently available on Podbean, Spotify, and Apple Podcasts, with additional uploads on our youtube channel.

"Sequels 2: Rise of the Franchise" is a comedy podcast, hosted by producer Ian Deming, and comedy writers Sam Purdell and Spencer Sapienza. Each episode plots out new stories for sequels to your favorite films. Episodes include: "The Amazing Spider-Man 3", "Indiana Jones 6", and "Shrek 5".

"Pop Culture Riffs & Rifts" is a show covering the latest in the arts, with producers Matt Lyons, and Ian Deming, debating the good and bad of new television shows. Episodes covering "The Mandalorian" "Succession" and "Barry" are available now.

Our interns have plenty to discuss, and cover a wide variety of topics in the new ACAM Intern Podcast. Follow along with different groups of interns each episode with a new topic each time. Stay tuned for new episodes coming this fall.

Do you have the next great podcast idea? Do you have a voice for radio? Do you have an unusual area of expertise, or knowledge that you want to share with the community?

## Volunteer Today

We are able to produce this new content and provide local coverage because of the assistance of our staff, interns and volunteers. We have training available at our studio for anyone who is passionate about the community and wants to be a part of the Abington CAM team. We want to create content that speaks to your interests, and the interests of the Abington community. If you have an idea for a show that you want to see, want to work on, or want to create, we would love to hear from you.
